Implemented as part of the project

Reinforcing the Capacities of the Government of Georgia in Border and Migration Management

About the project

This leaflet presents the key elements of the post-arrival reintegration assistance programme that the International Organization for Migration (IOM) will implement in Georgia, for the benefit of citizens of Georgia, who previously migrated abroad and have recently returned to their native country.

IOM will implement this post-arrival reintegration assistance programme in close coordination with the authorities of Georgia, in particular with the Ministry of Internally Displaced Persons from the Occupied Territories, Accommodation and Refugees (MRA).

One of the main objectives of this programme is to secure sustainable reintegration of citizens of Georgia, who have recently returned to their native country after having migrated to the European Union and other destinations and are in need of assistance.

Types of reintegration assistance

Through the Mobility Centre, IOM and the MRA will provide the following types of assistance:

- Airport arrival assistance for returnees with special needs (to be implemented by the Georgian authorities);
- Initial counselling post arrival, needs assessment and identification of assistance possibilities;
- Addressing urgent legal issues, including concerning identity documents;
- Referring to relevant public and private programmes for follow-up assistance (medical care, employment centre, vocational education centre, enrolment in schools, etc.);
- Direct job counselling and placement, including professional (re-)training, preparation for job interviews, assistance in drafting CV;
- Temporary accommodation for newly arrived persons without shelter;
- Medical assistance for acute and chronic conditions that represent hazard to life, referrals to relevant medical providers for testing and treatment and provision of necessary medication;
- Income-generating schemes for beneficiaries with the relevant skills, including development of business plans, business training and market orientation.

Eligibility criteria

For exceptionally vulnerable cases the programme will provide pre-return exploration of reintegration options, mainly concerning medical and accommodation issues. Information on such cases shall be shared with IOM prior to the return of the individual on the following e-mail address: reintegrationgeorgia@iom.int.
