Population density 2014

Q: UN, World Population Prospects, The 2012 Revision (medium variant). Cartography: STATISTICS AUSTRIA.

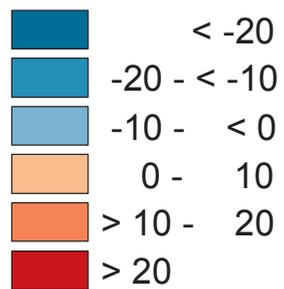

Population change until 2050

Q: UN, World Population Prospects, The 2012 Revision (medium variant). Cartography: STATISTICS AUSTRIA.

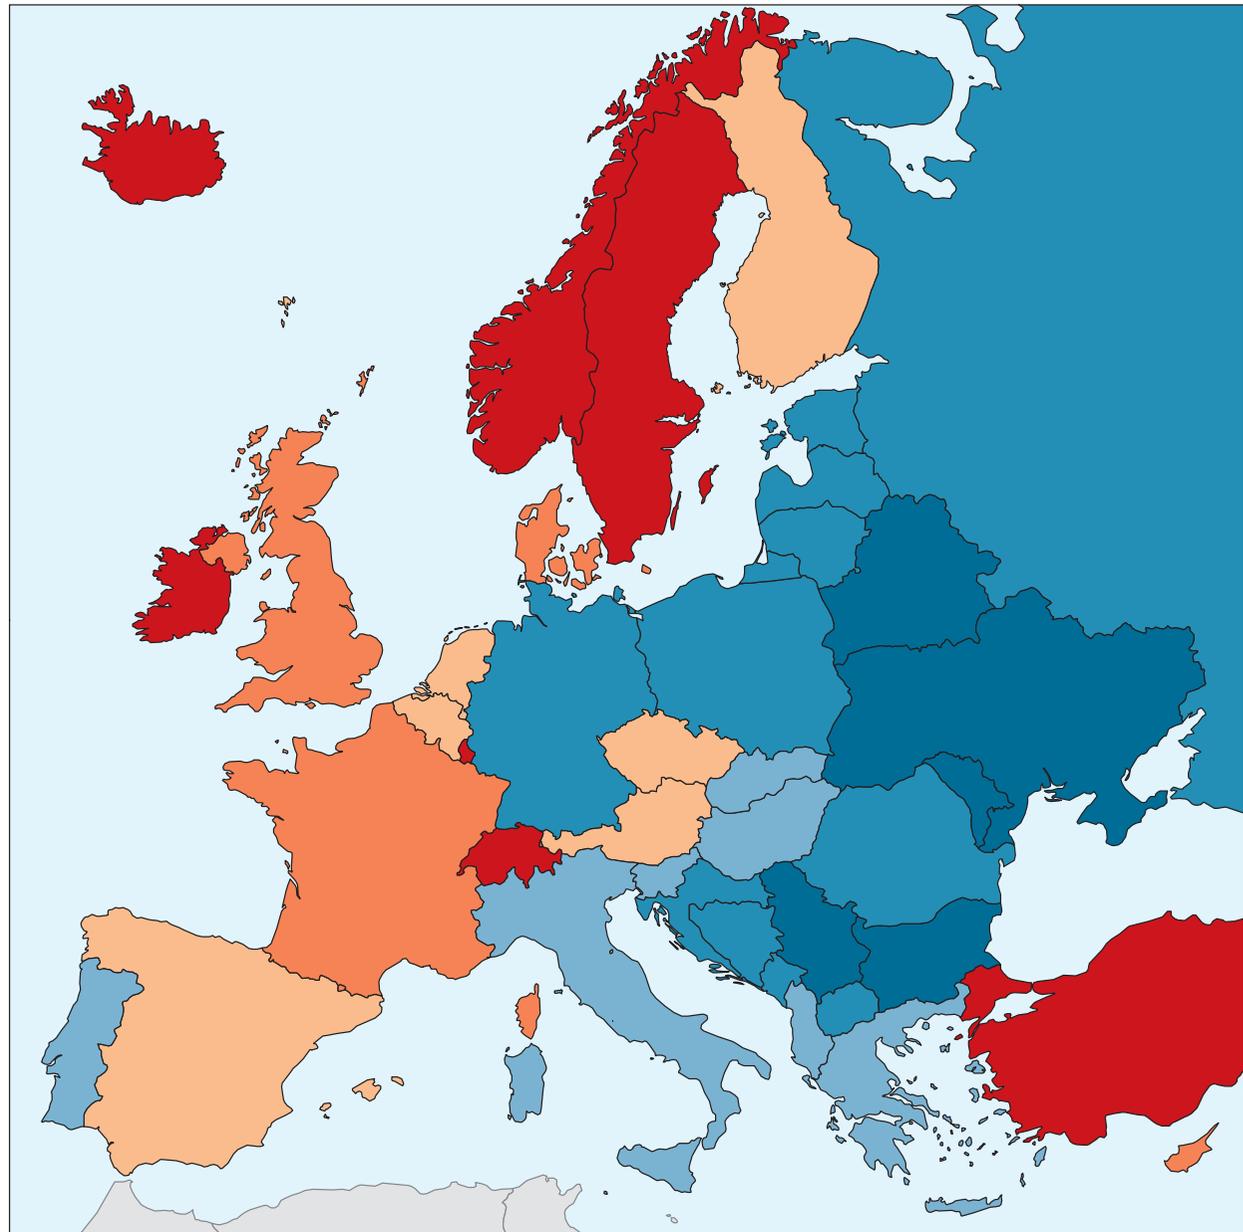

Population change until 2050

Projected population change 2014-2050 in per cent

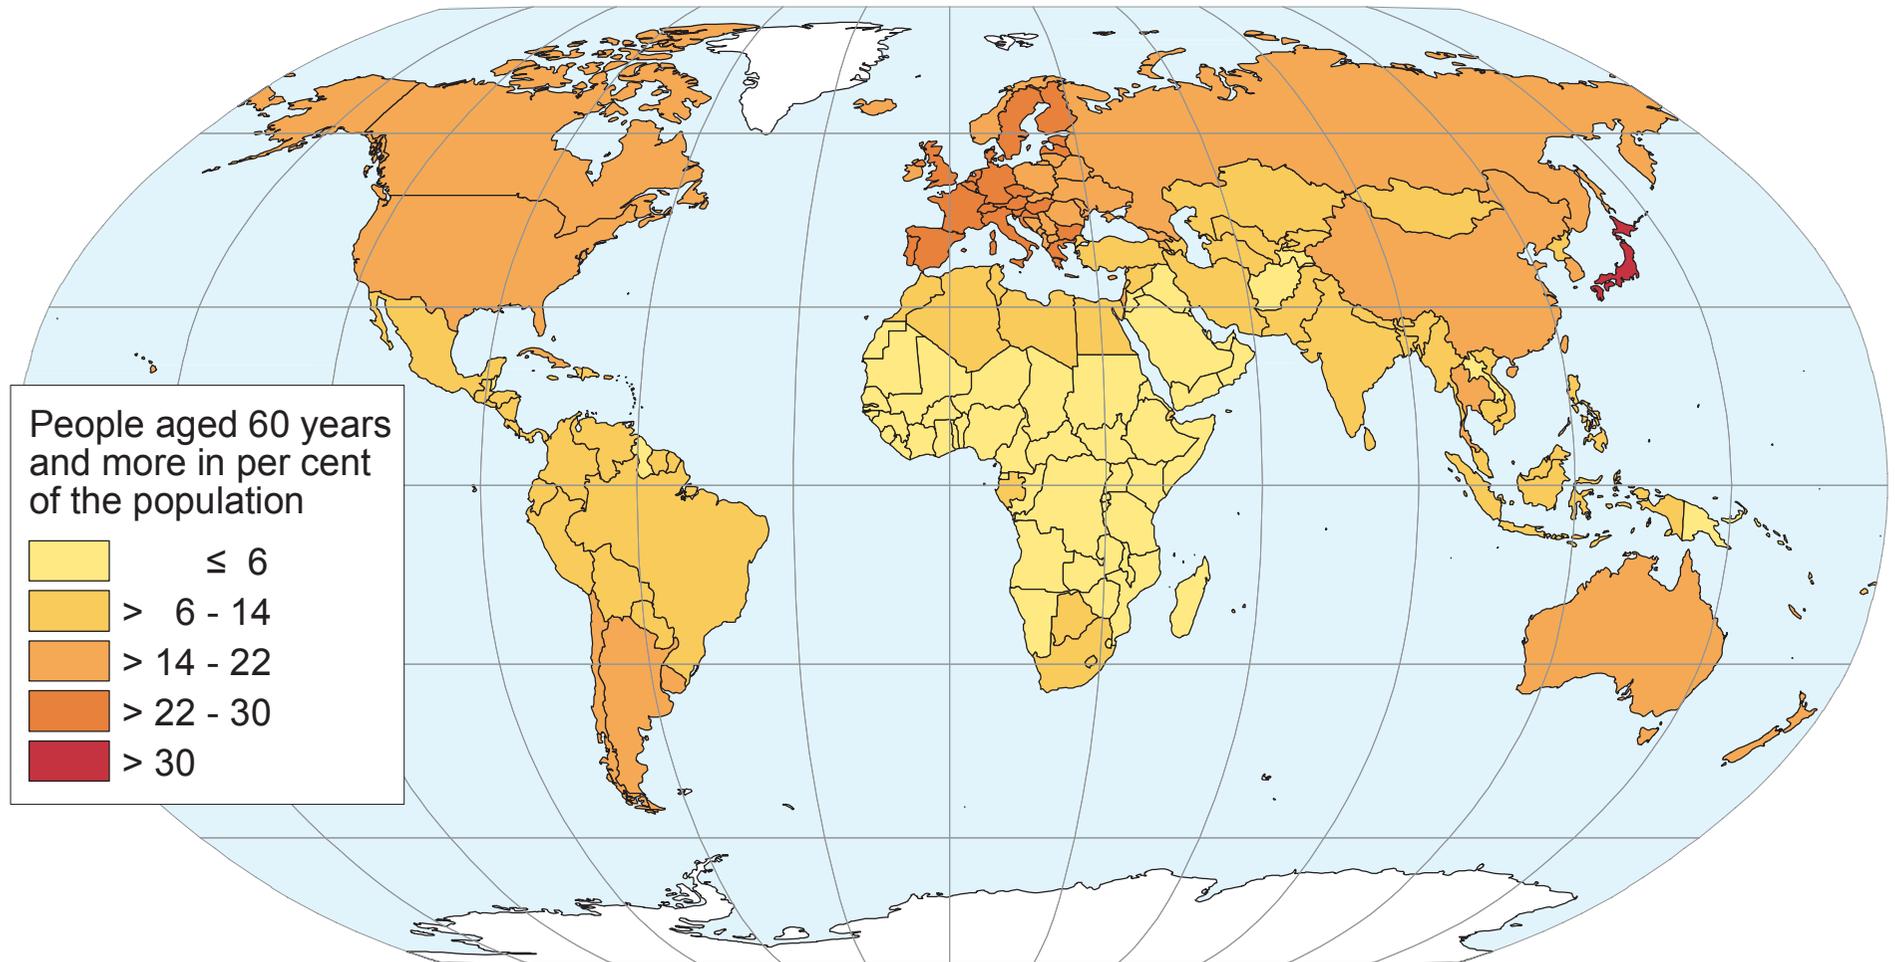

0 250 500 km

Q: UN, World Population Prospects, The 2012 Revision (medium variant).
Cartography: STATISTICS AUSTRIA.

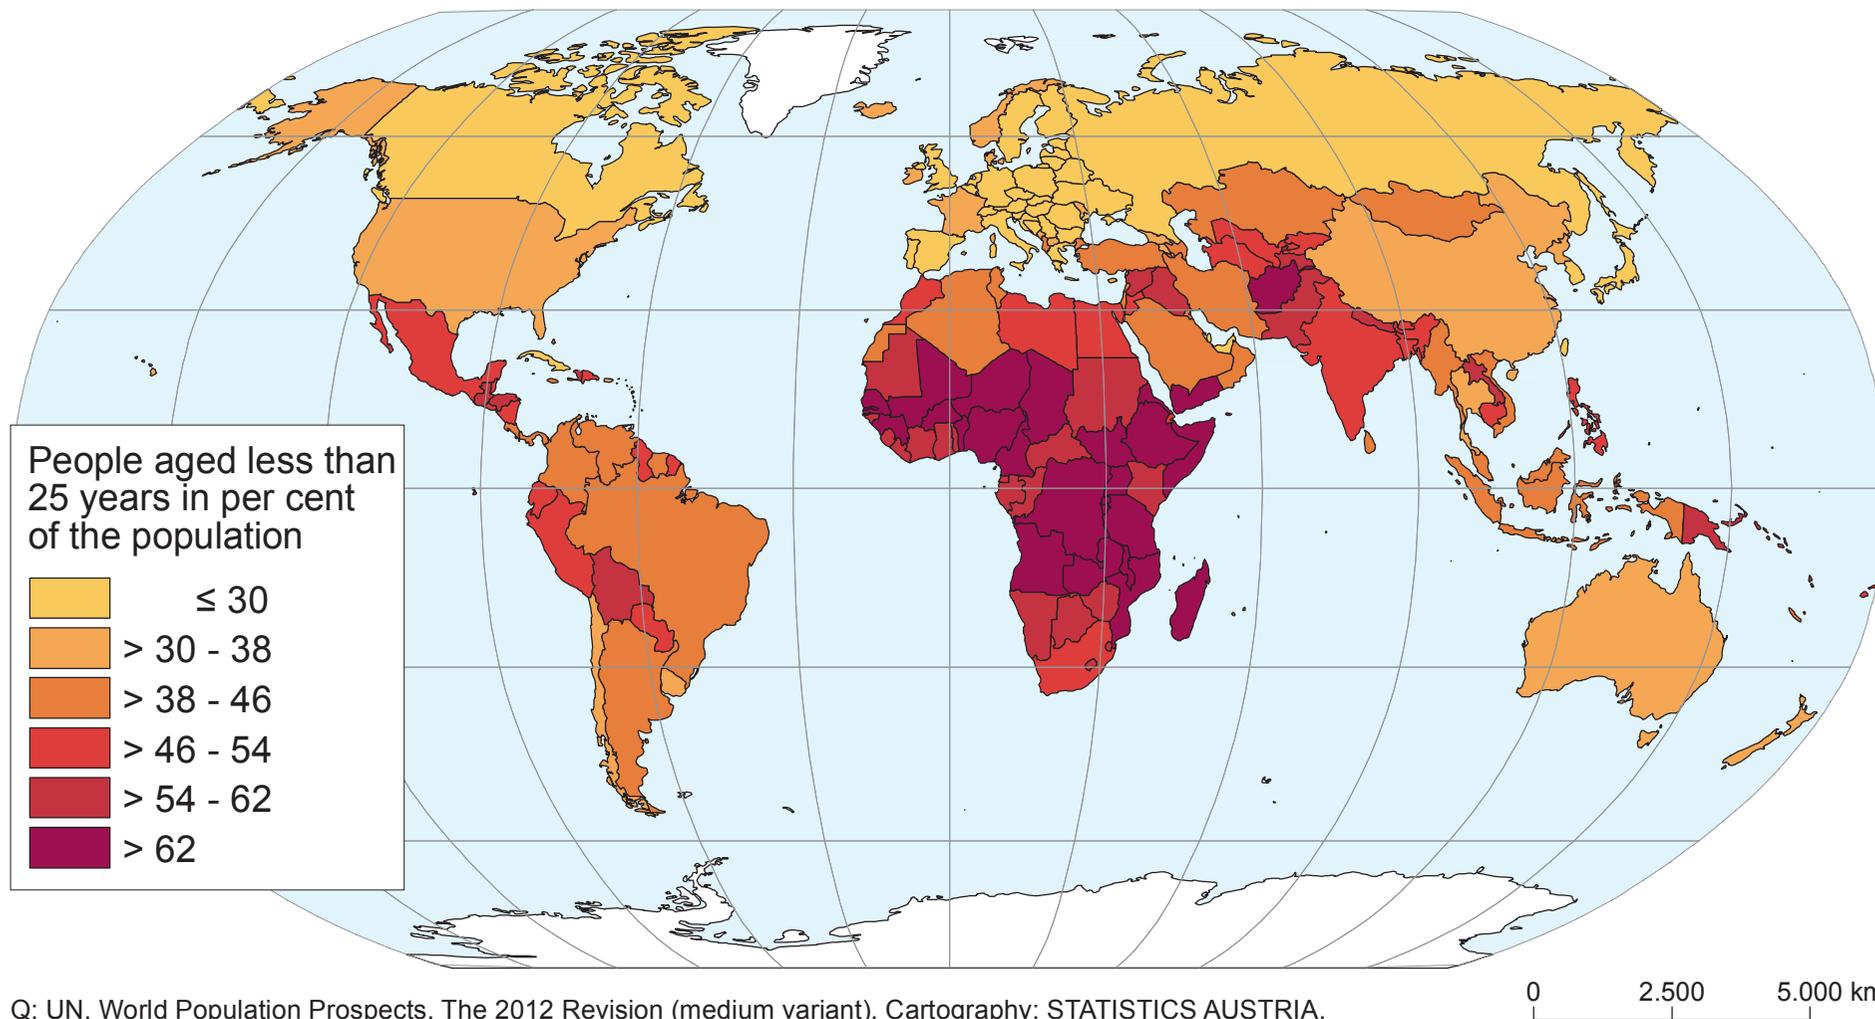

Older population of 60 years and more 2014

Q: UN, World Population Prospects, The 2012 Revision (medium variant). Cartography: STATISTICS AUSTRIA.

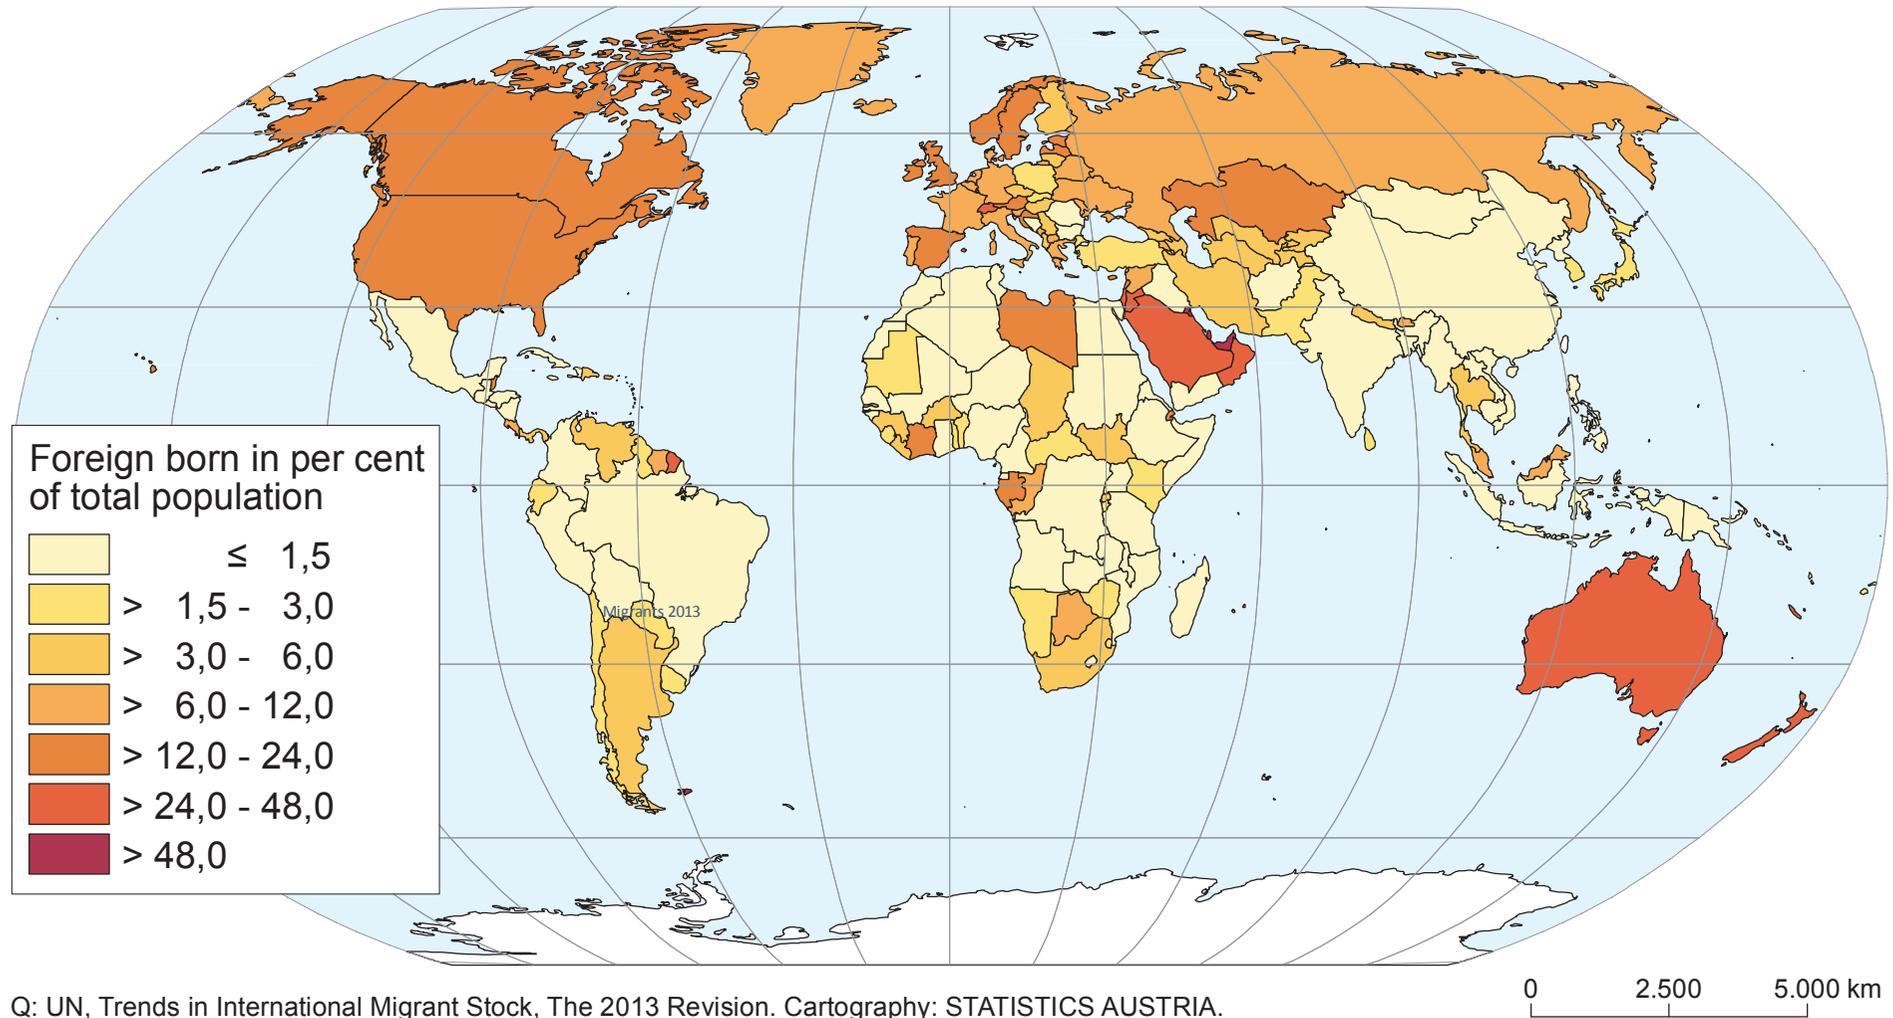

0 2.600 5.200 km

Younger population of less than 25 years 2014

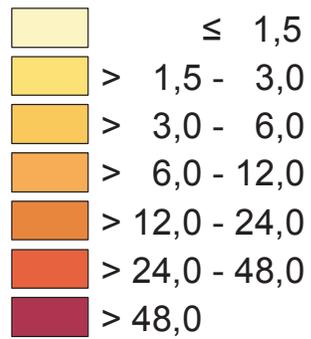

Q: UN, World Population Prospects, The 2012 Revision (medium variant). Cartography: STATISTICS AUSTRIA.

Migrants 2013

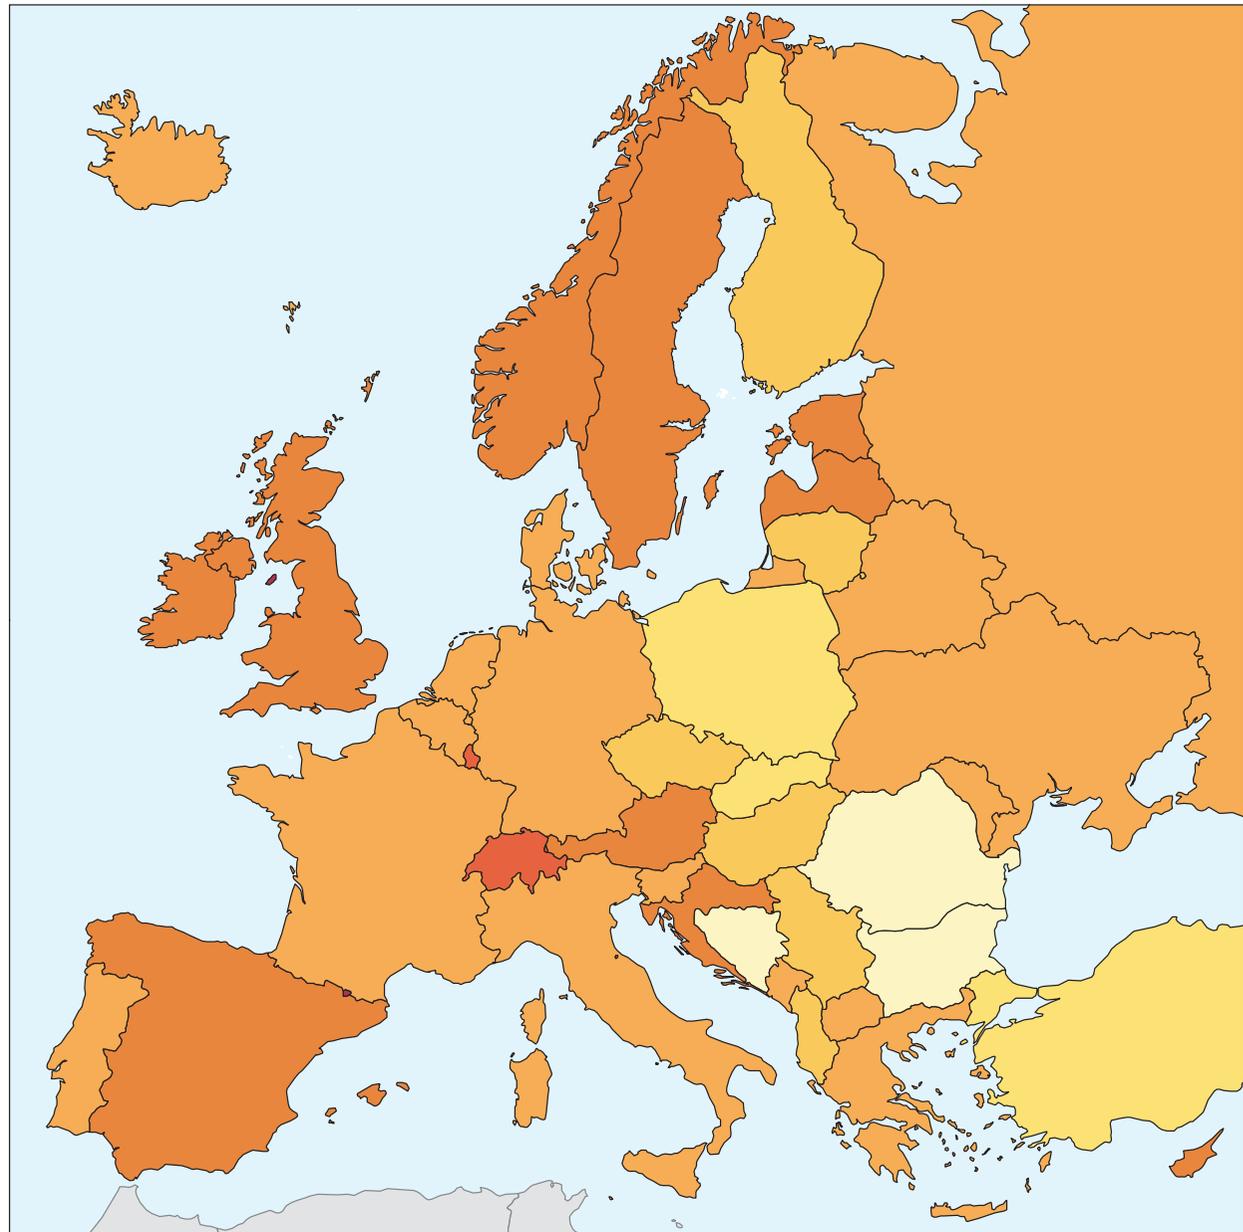

Migrants 2013

Foreign born in per cent of total population

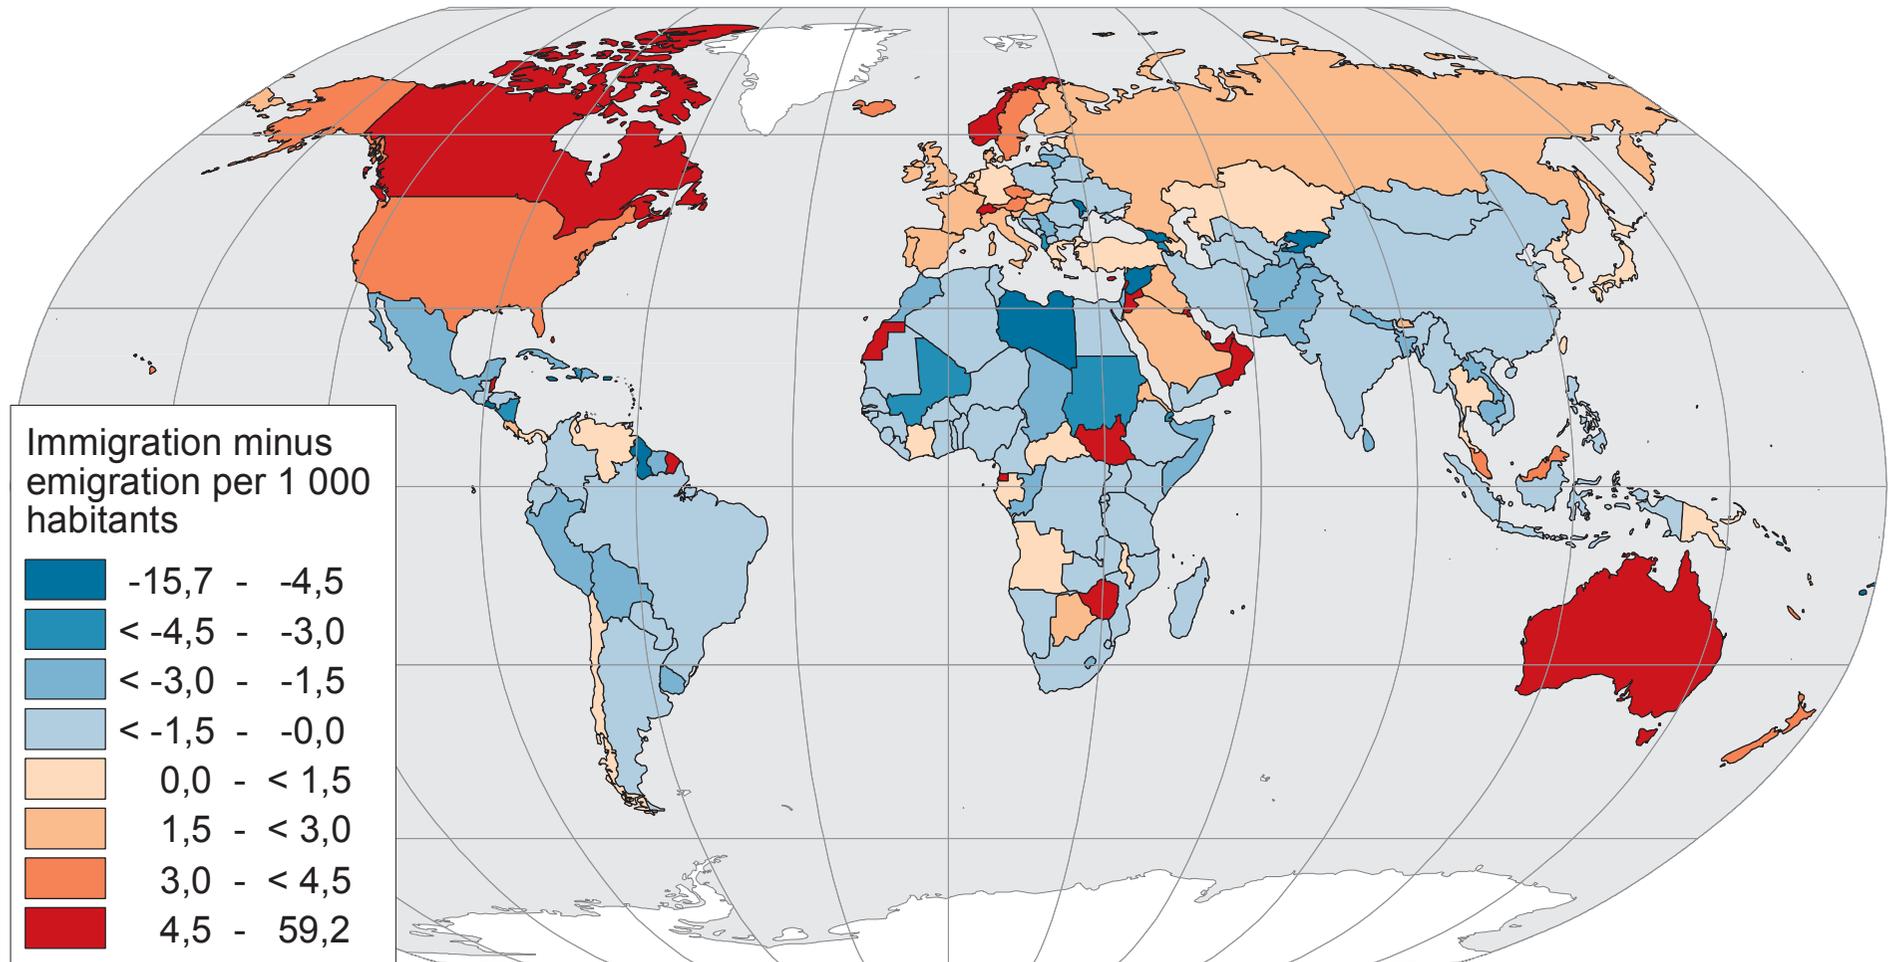

0 250 500 km

Q: UN, Trends in International Migrant Stock, The 2013 Revision.
Cartography: STATISTICS AUSTRIA.

Net-migration 2010-2015

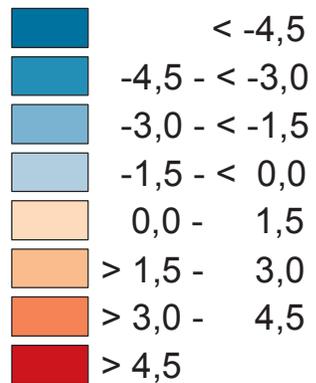

Q: UN, World Population Prospects, The 2012 Revision. Cartography: STATISTICS AUSTRIA.

0 2.500 5.000 km

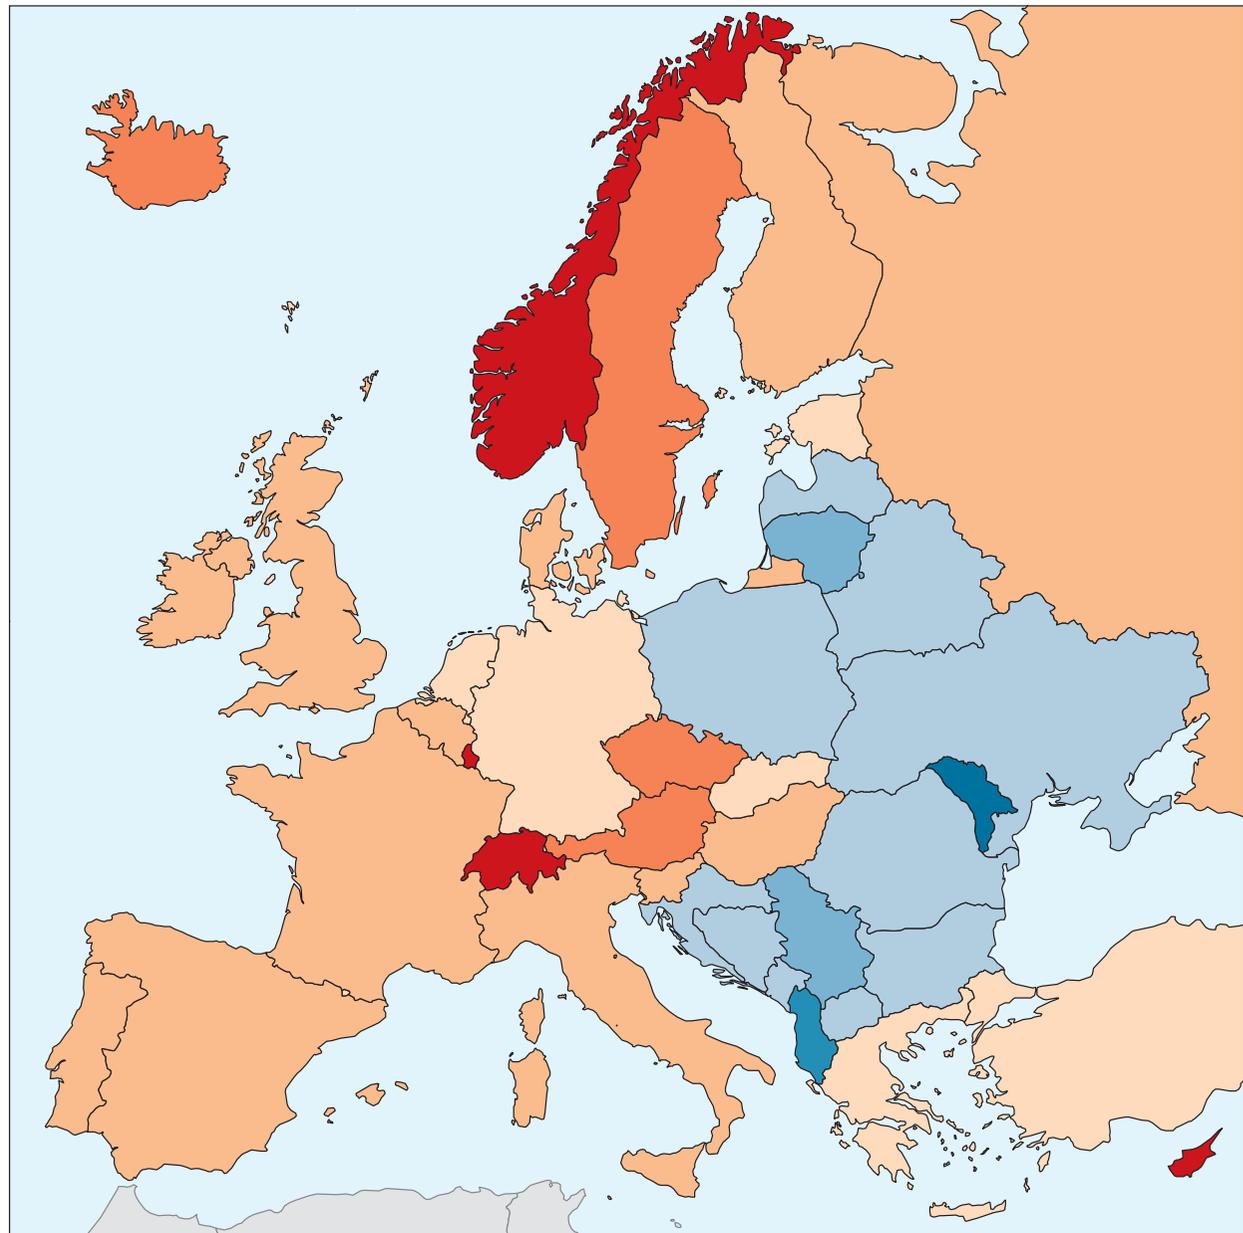

Net-migration 2010-2015

Immigration minus emigration
per 1 000 habitants

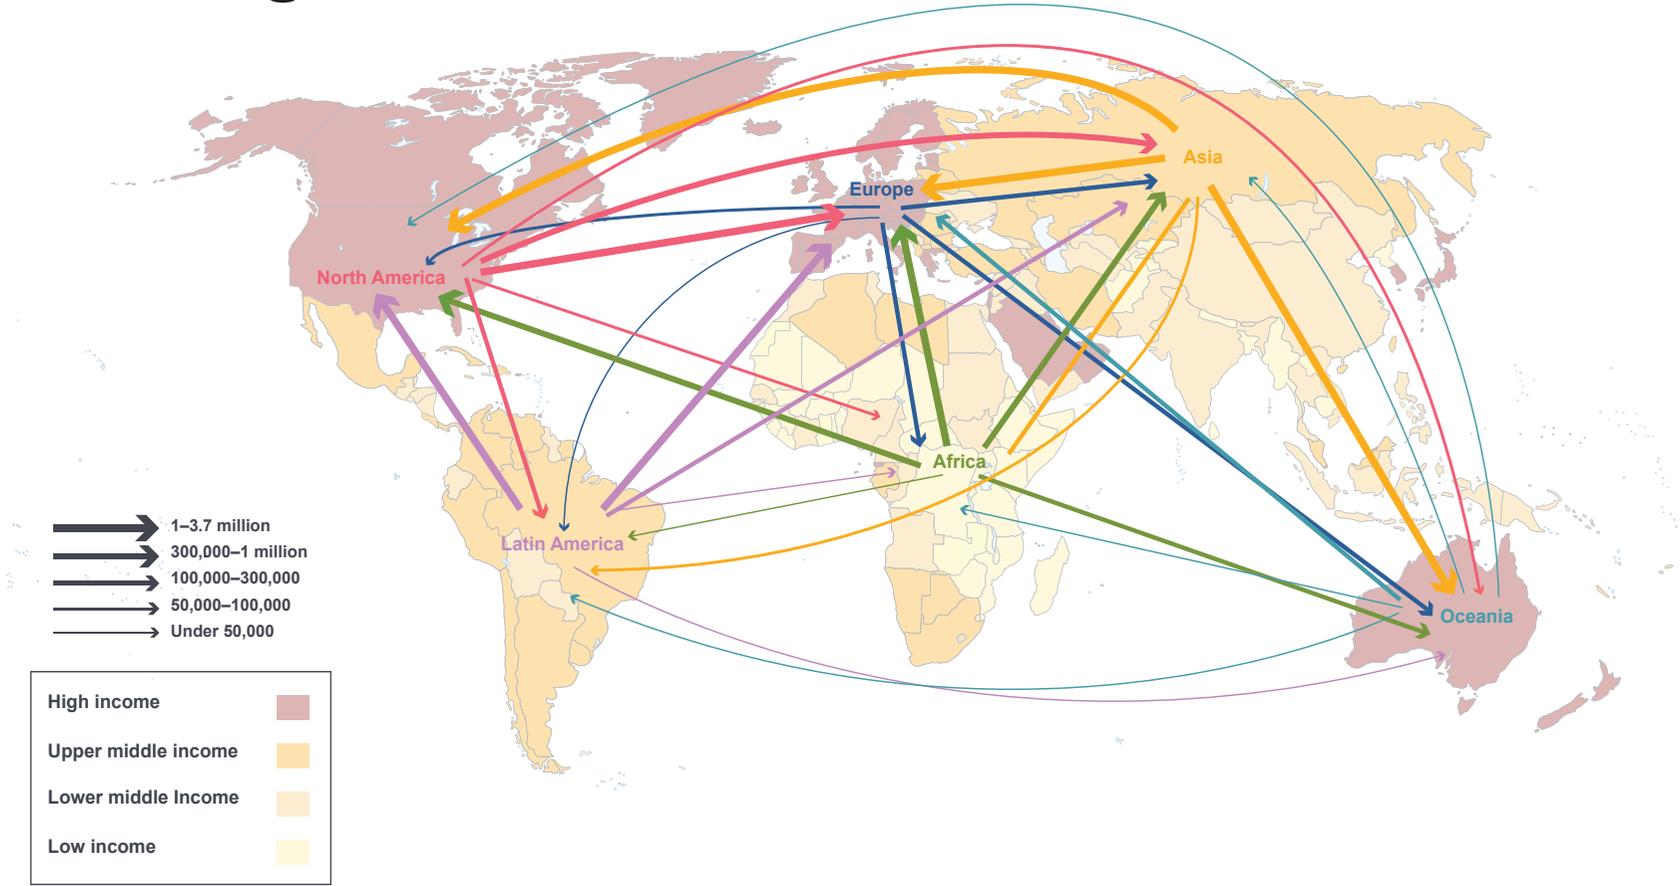

0 250 500 km

Q: UN, World Population Prospects,
The 2012 Revision.
Cartography: STATISTICS AUSTRIA.

Global migration flows

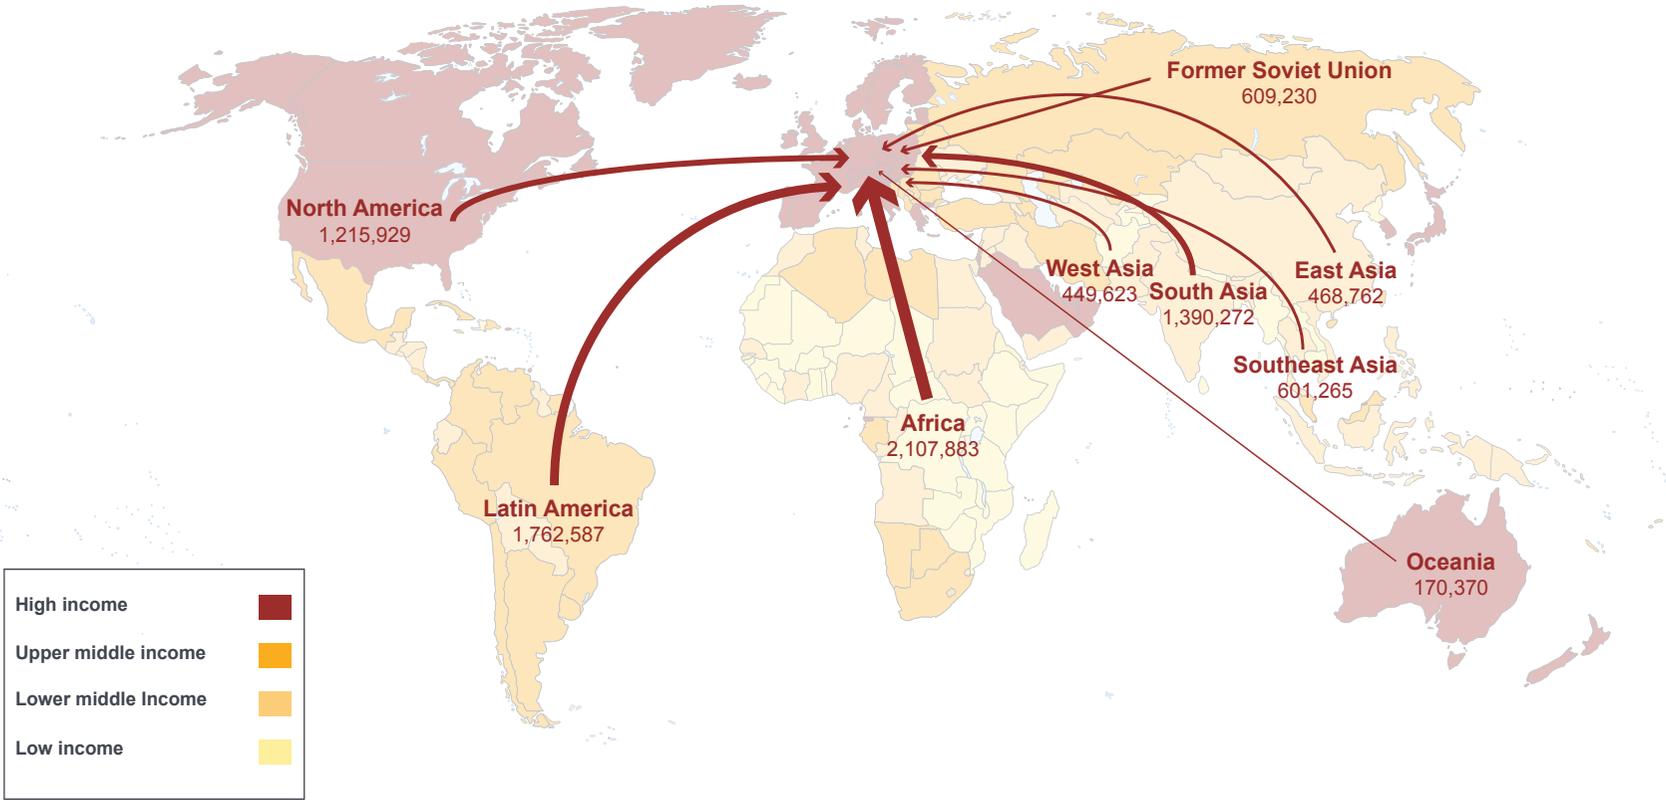

© ICMPD

Migration flows: Wittgenstein Centre for Demography and Global Human Capital. Bilateral migration flows for the period 2005–2010 are estimated from sequential stock tables and capture the number of people who changed their country of residence over five-year periods. Further information is available at <http://www.global-migration.info/>.

Classification of the world's economies: World Bank. Based on estimates of gross national income (GNI) per capita, world economies were classified as follows for the fiscal year 2010: Low income: < USD 1,005, Lower middle income: USD 1,006–3,975, Upper middle income: USD 3,976–12,275, High income: > USD 12,275.

Migration flows to Europe

Migration flows: Wittgenstein Centre for Demography and Global Human Capital. Bilateral migration flows for the period 2005–2010 are estimated from sequential stock tables and capture the number of people who changed their country of residence over five-year periods. Further information is available at <http://www.global-migration.info/>.

Classification of the world's economies: World Bank. Based on estimates of gross national income (GNI) per capita, world economies were classified as follows for the fiscal year 2010: Low income: < USD 1,005, Lower middle income: USD 1,006–3,975, Upper middle income: USD 3,976–2,275, High income: > USD 12,275.

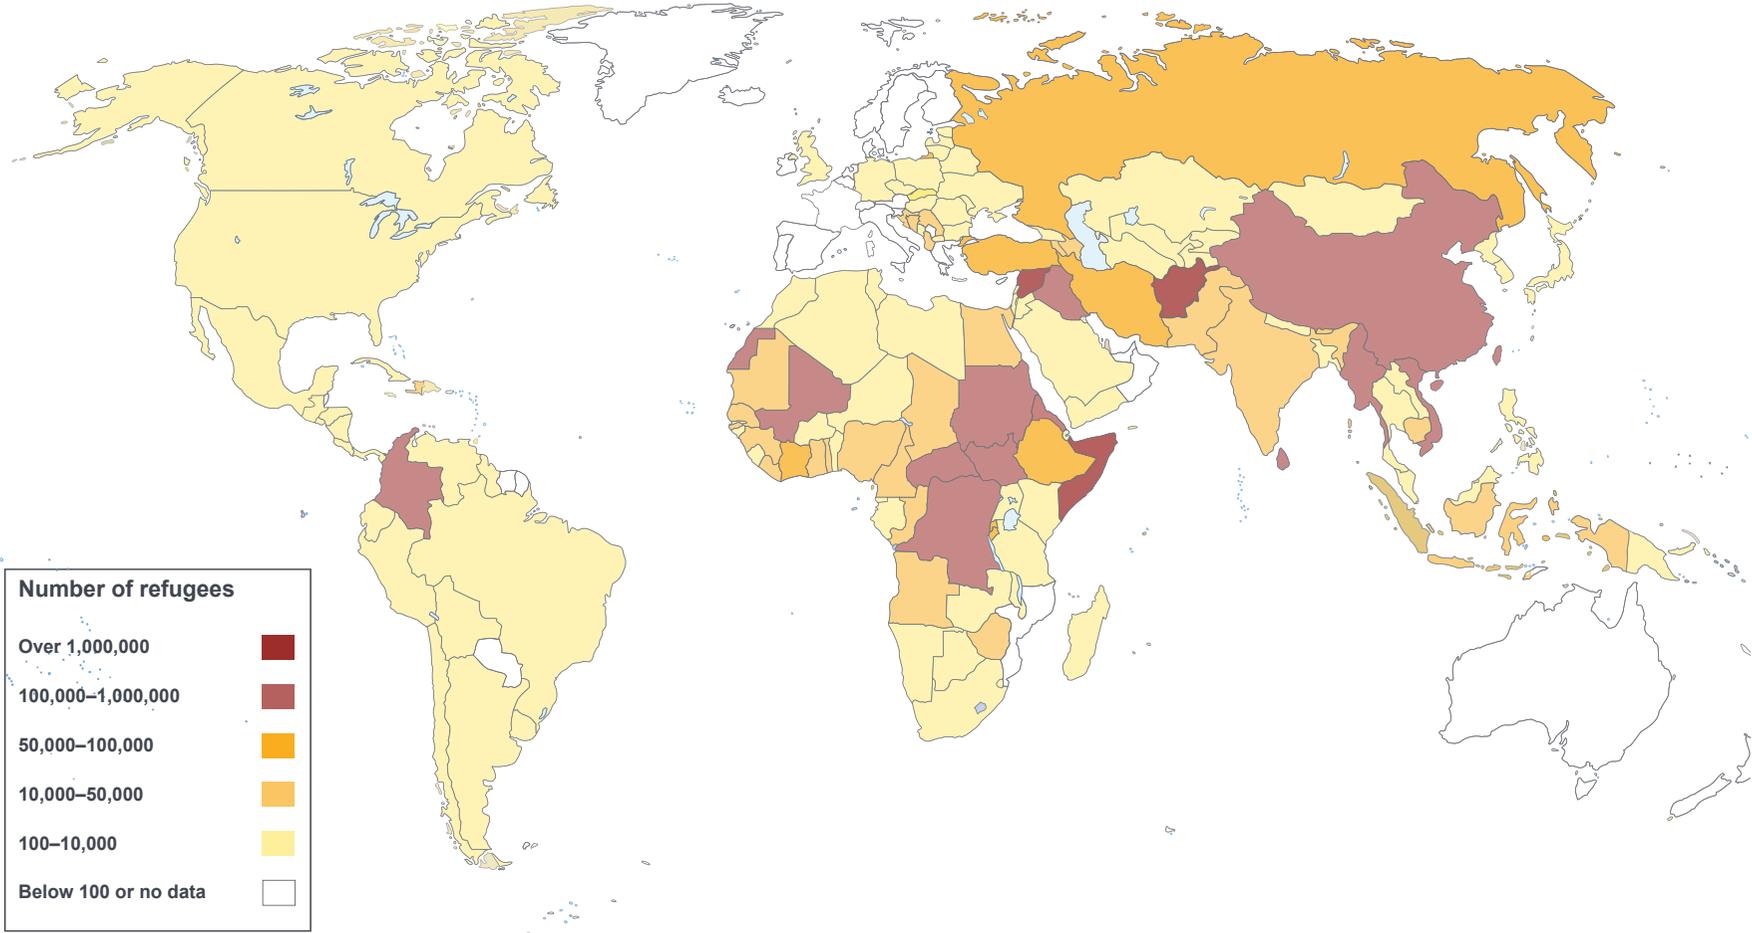

Destination countries of refugees 2013

© ICMPD

UNHCR Global Trends 2013. Data on the refugee population refers to the total figure of persons residing in a country who are recognised refugees, persons granted a complementary form of protection and those granted temporary protection as well as persons in a refugee-like situation for whom refugee status has, for practical or other reasons, not been ascertained. (UNHCR definitions can be accessed at <http://popstats.unhcr.org/> and <http://www.unhcr.org/5399a14f9.html>).

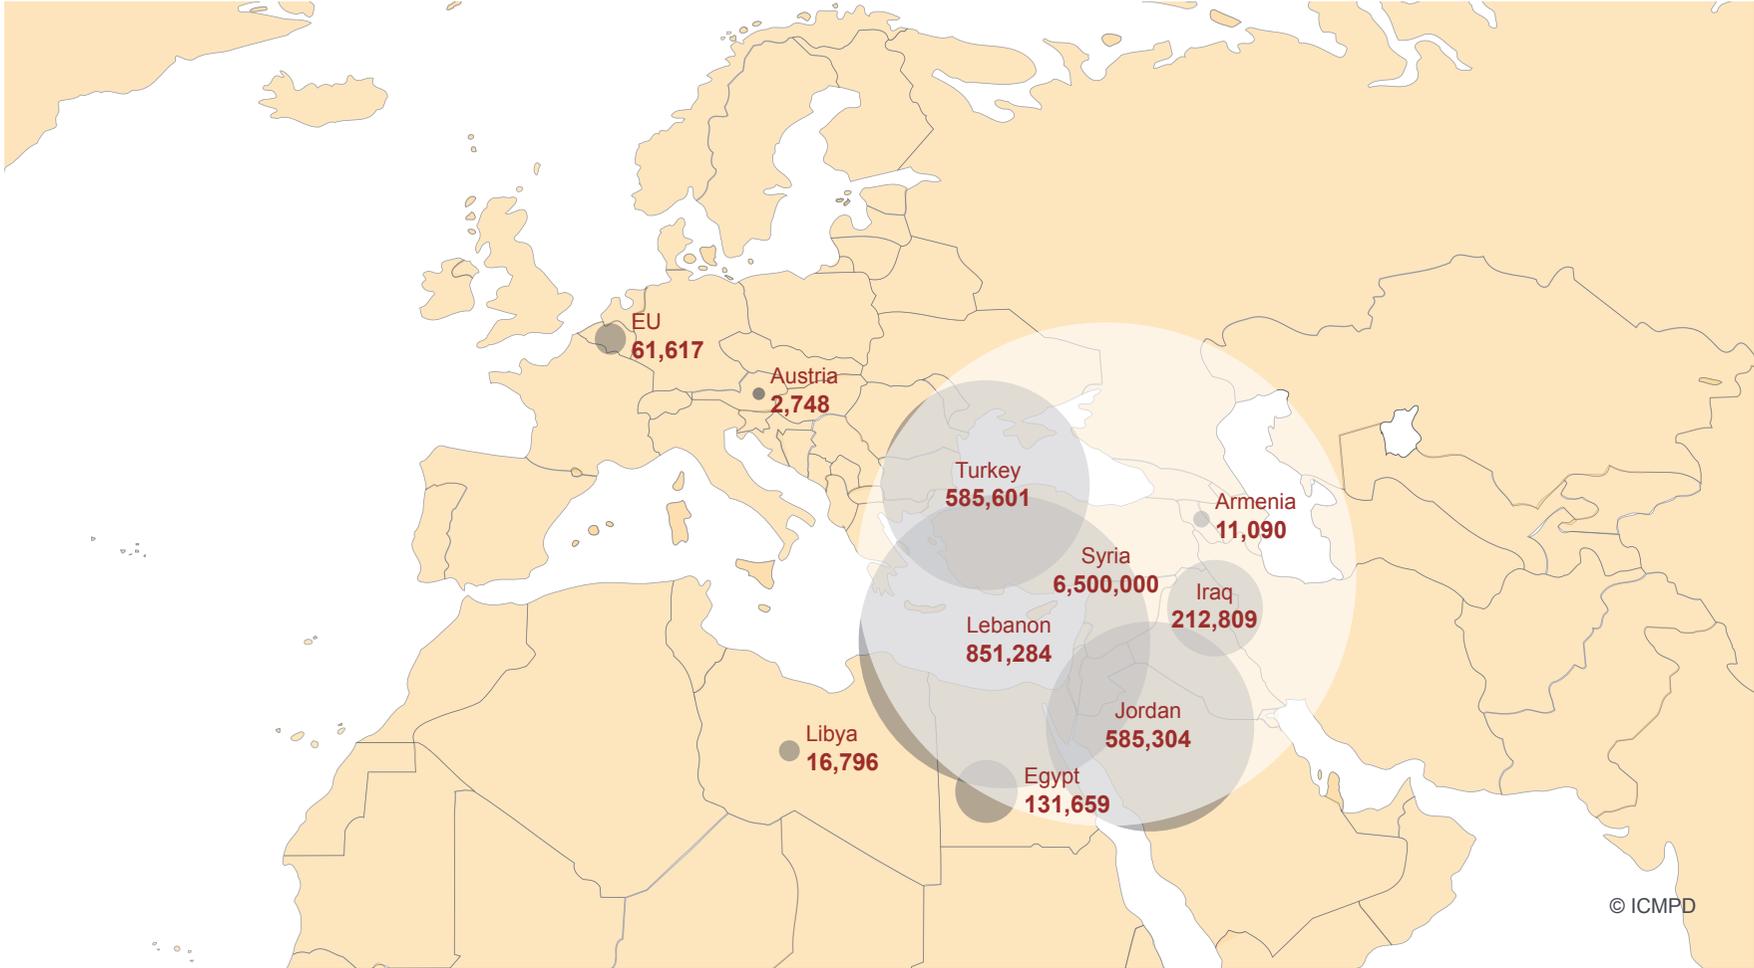

Countries of origin of refugees 2013

© ICMPD

UNHCR Global Trends 2013. Data refers to the total number of recognised refugees originating from the respective countries, as well as persons granted a complementary form of protection and those granted temporary protection as well as persons in a refugee-like situation for whom refugee status has, for practical or other reasons, not been ascertained (UNHCR definitions accessible at <http://popstats.unhcr.org/> and <http://www.unhcr.org/5399a14f9.html>).

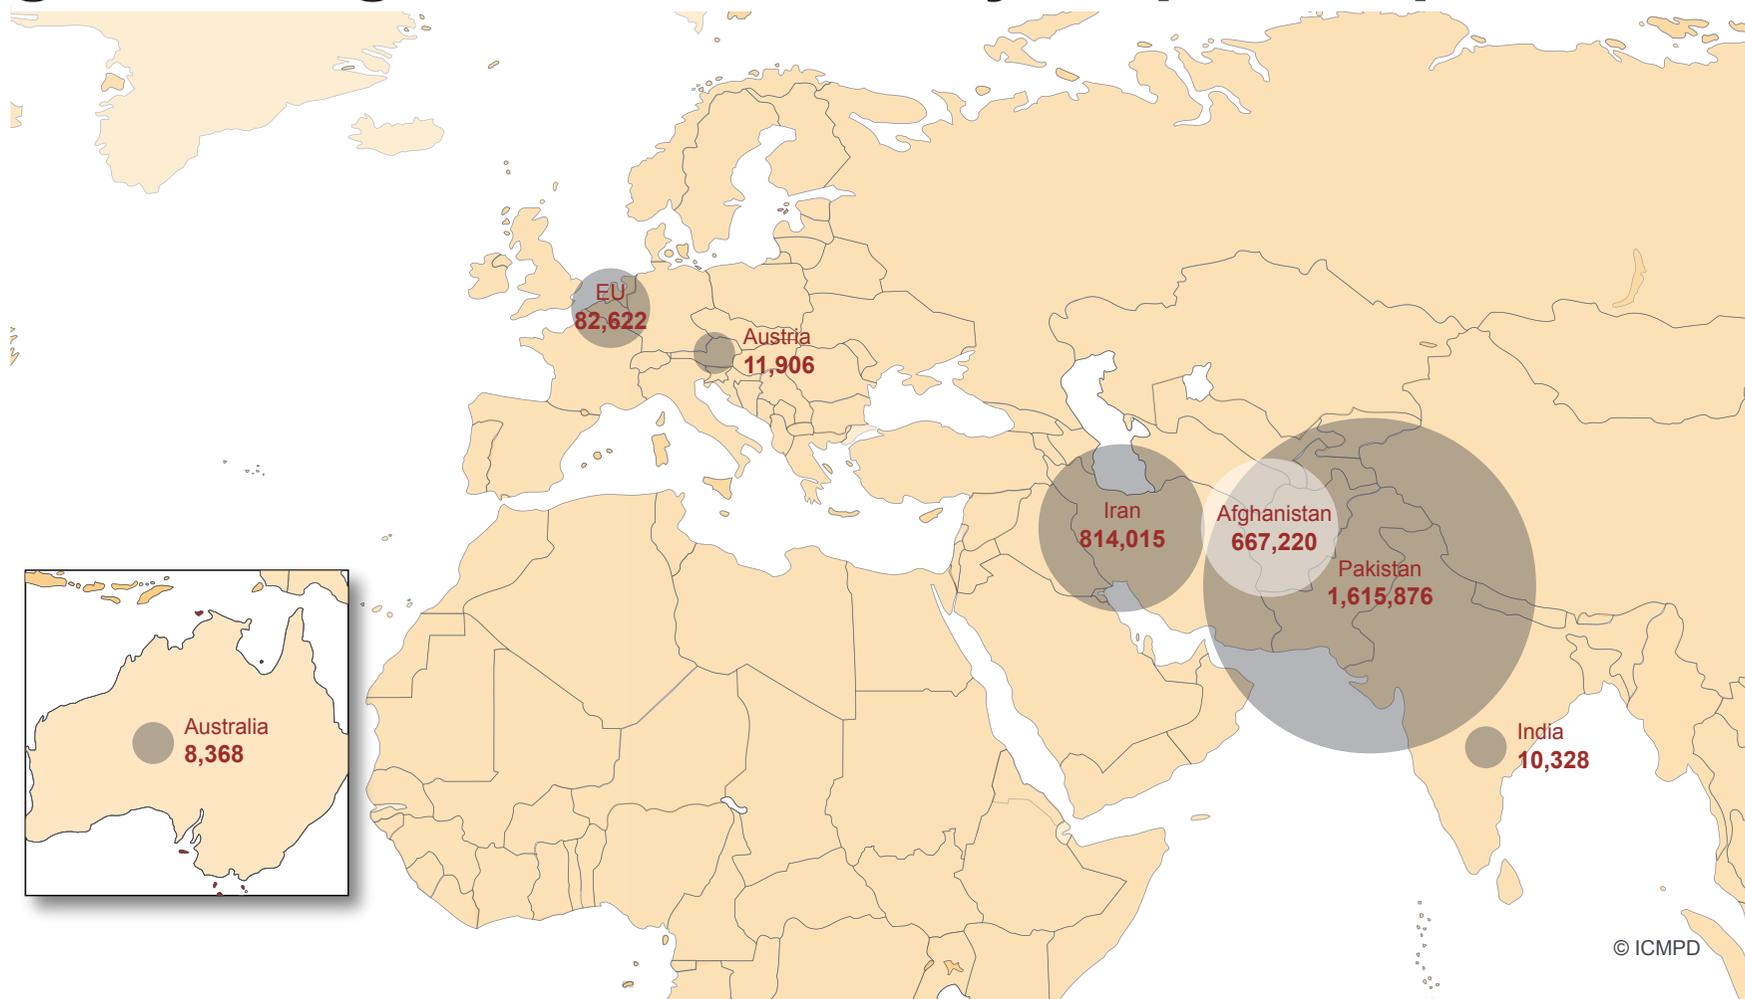

Syrian refugees and internally displaced persons 2013

Refugees: UNHCR Global Trends 2013 and UNHCR Population Statistics Database. Data on the refugee population refers to the total figure of persons residing in a country who are recognised refugees, persons granted a complementary form of protection and those granted temporary protection as well as persons in a refugee-like situation but for whom refugee status has, for practical or other reasons, not been ascertained. (UNHCR definitions accessible at <http://popstats.unhcr.org/> and <http://www.unhcr.org/5399a14f9.html>).

Internally Displaced Persons: Internal Displacement Monitoring Centre 2014. Estimates refer to internal displacements caused by conflict, generalised violence, human rights violations, and natural hazards. Circles display data > 5,000 as well as data on Austria.

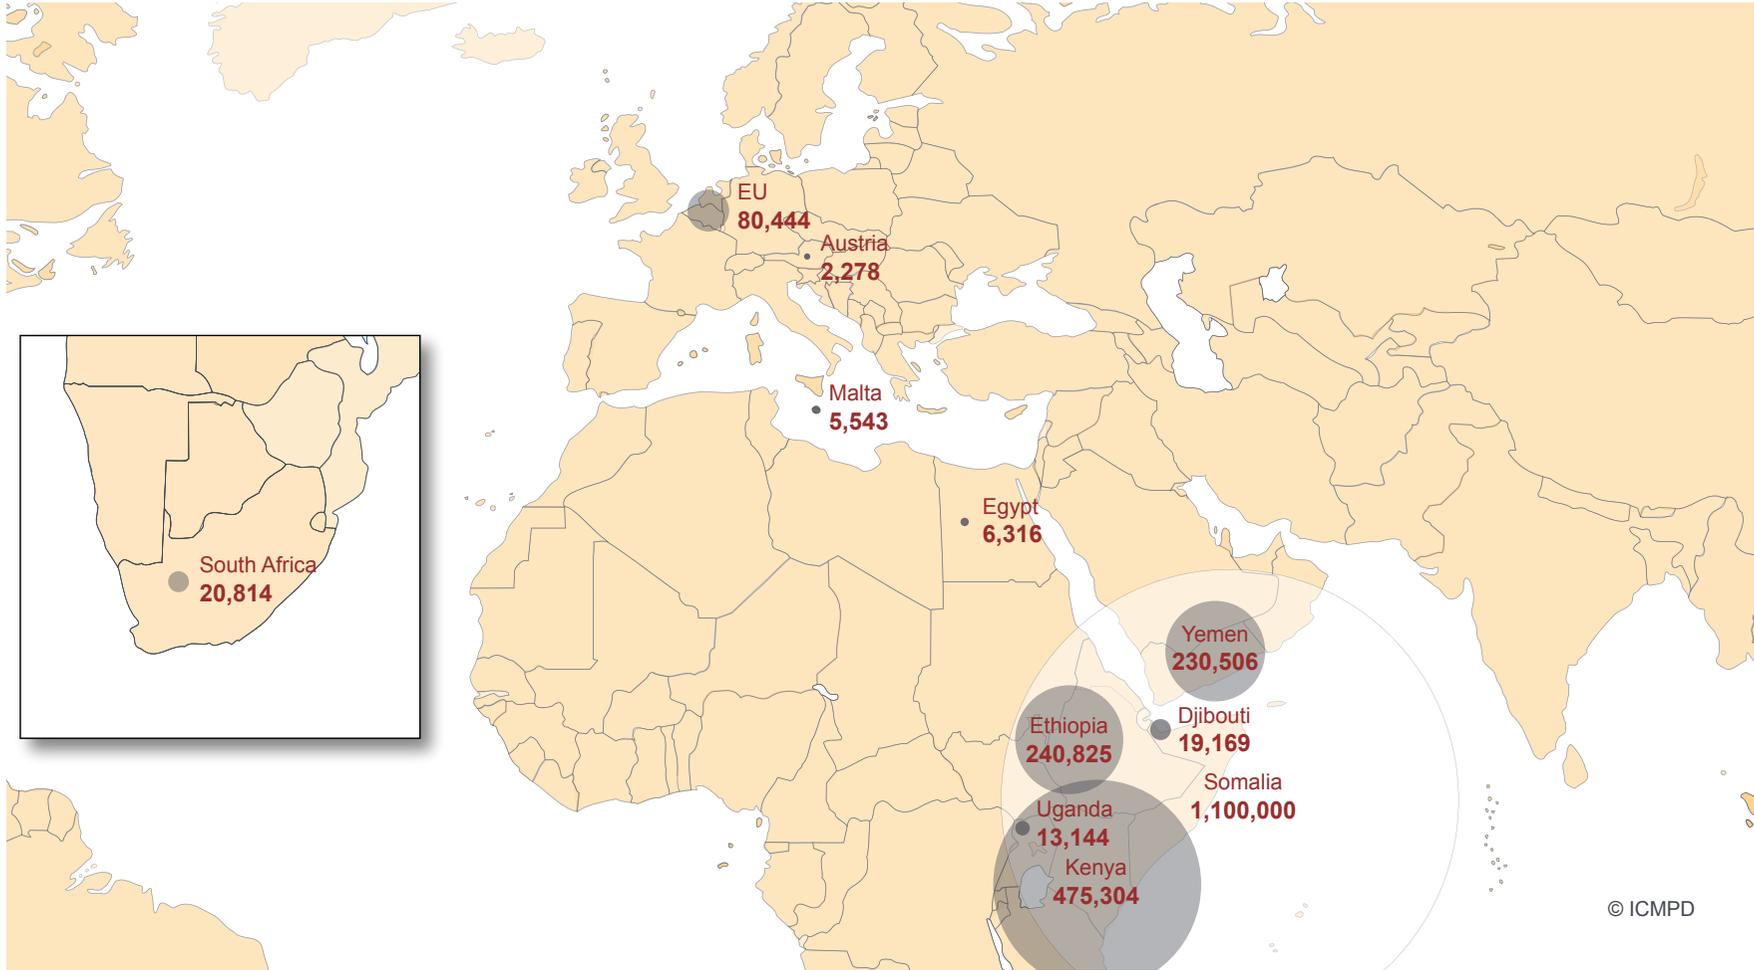

Afghan refugees and internally displaced persons 2013

Refugees: UNHCR Global Trends 2013 and UNHCR Population Statistics Database. Data on the refugee population refers to the total figure of persons residing in a country who are recognised refugees, persons granted a complementary form of protection and those granted temporary protection as well as persons in a refugee-like situation for whom refugee status has, for practical or other reasons, not been ascertained. (UNHCR definitions accessible at <http://popstats.unhcr.org/> and <http://www.unhcr.org/5399a14f9.html>).

Internally Displaced Persons: Internal Displacement Monitoring Centre 2014. Estimates refer to internal displacements caused by conflict, generalised violence, human rights violations, and natural hazards. Circles display data > 5,000 as well as data on Austria.

Somalian refugees and internally displaced persons 2013

Refugees: UNHCR Global Trends 2013 and UNHCR Population Statistics Database. Data on the refugee population refers to the total figure of persons residing in a country who are recognised refugees, persons granted a complementary form of protection and those granted temporary protection as well as persons in a refugee-like situation for whom refugee status has, for practical or other reasons, not been ascertained. (UNHCR definitions accessible at <http://popstats.unhcr.org/> and <http://www.unhcr.org/5399a14f9.html>).

Internally Displaced Persons: Internal Displacement Monitoring Centre 2014. Estimates refer to internal displacements caused by conflict, generalised violence, human rights violations, and natural hazards. Circles display data > 5,000 as well as data on Austria.

Asylum applications in the EU 2013

EUROSTAT. Displays figures above 10,000
* Under United Nations Security Council Resolution 1244/99

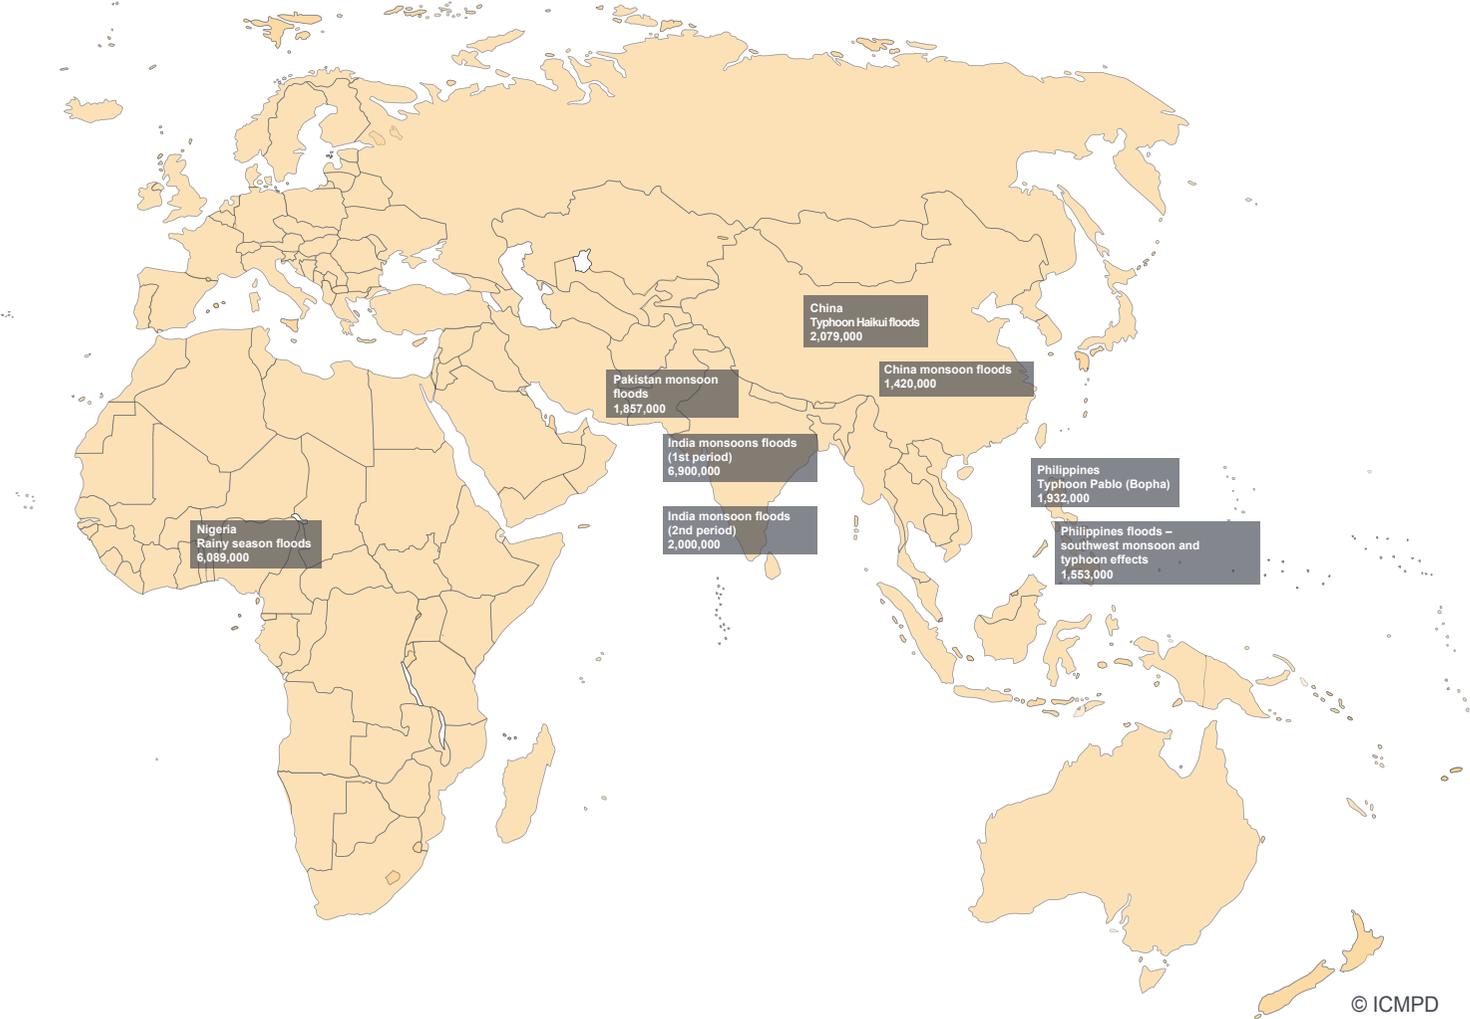

Internally displaced persons 2014

Internal Displacement Monitoring Centre 2014. Displays the 10 countries with the highest number of internally displaced persons.

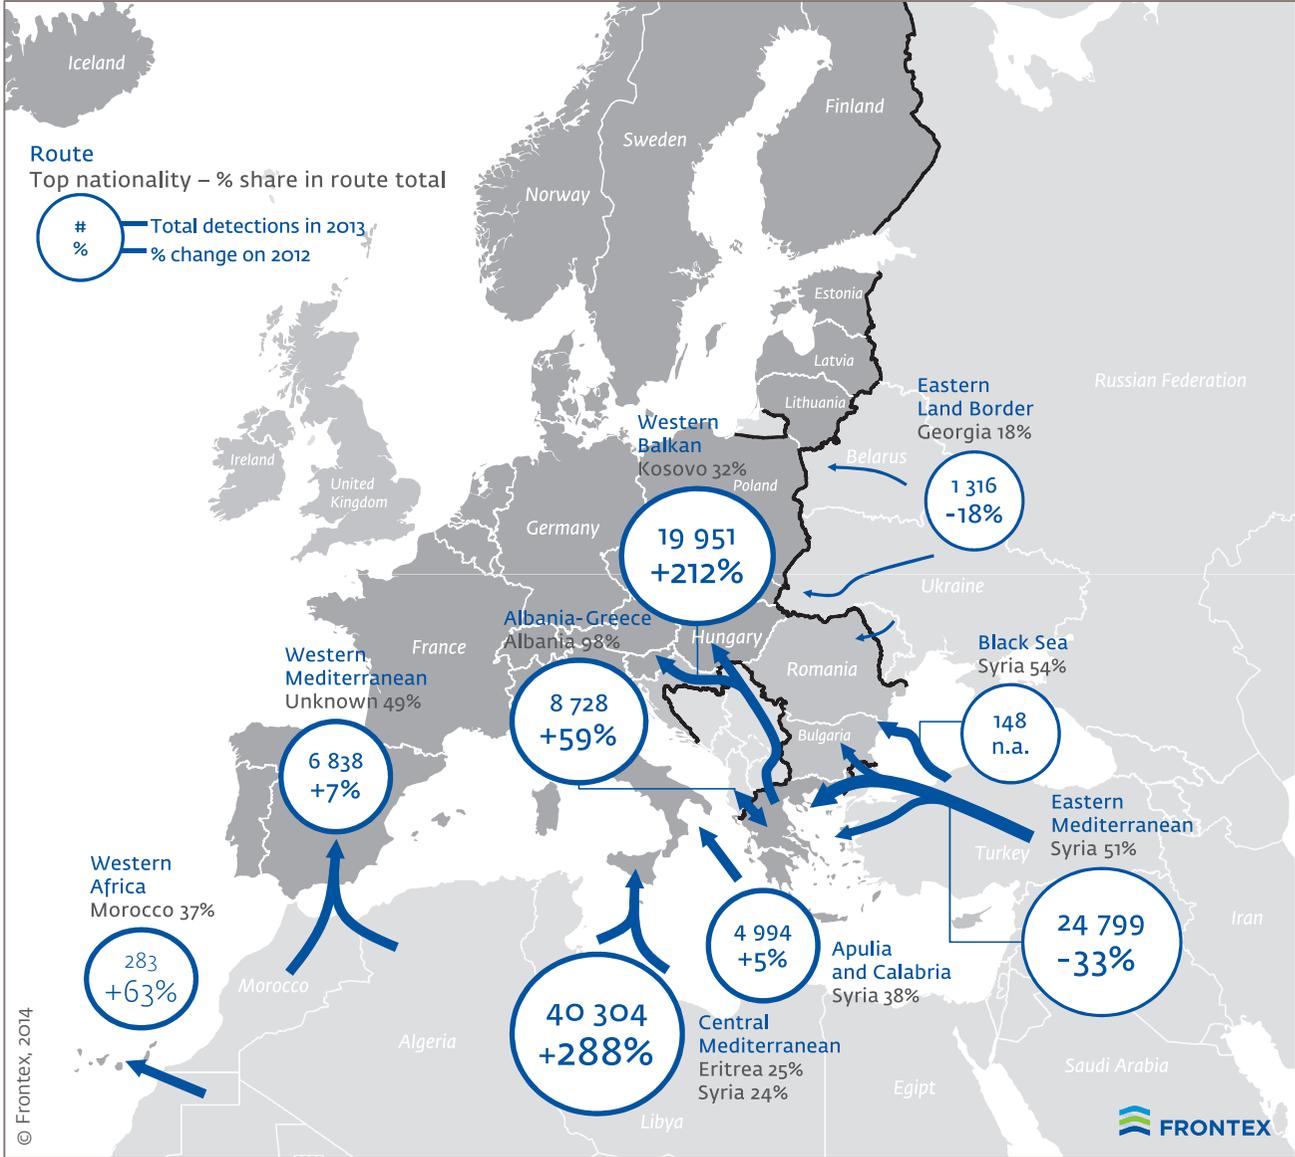

© ICMPD

Disaster-induced displacement events 2012

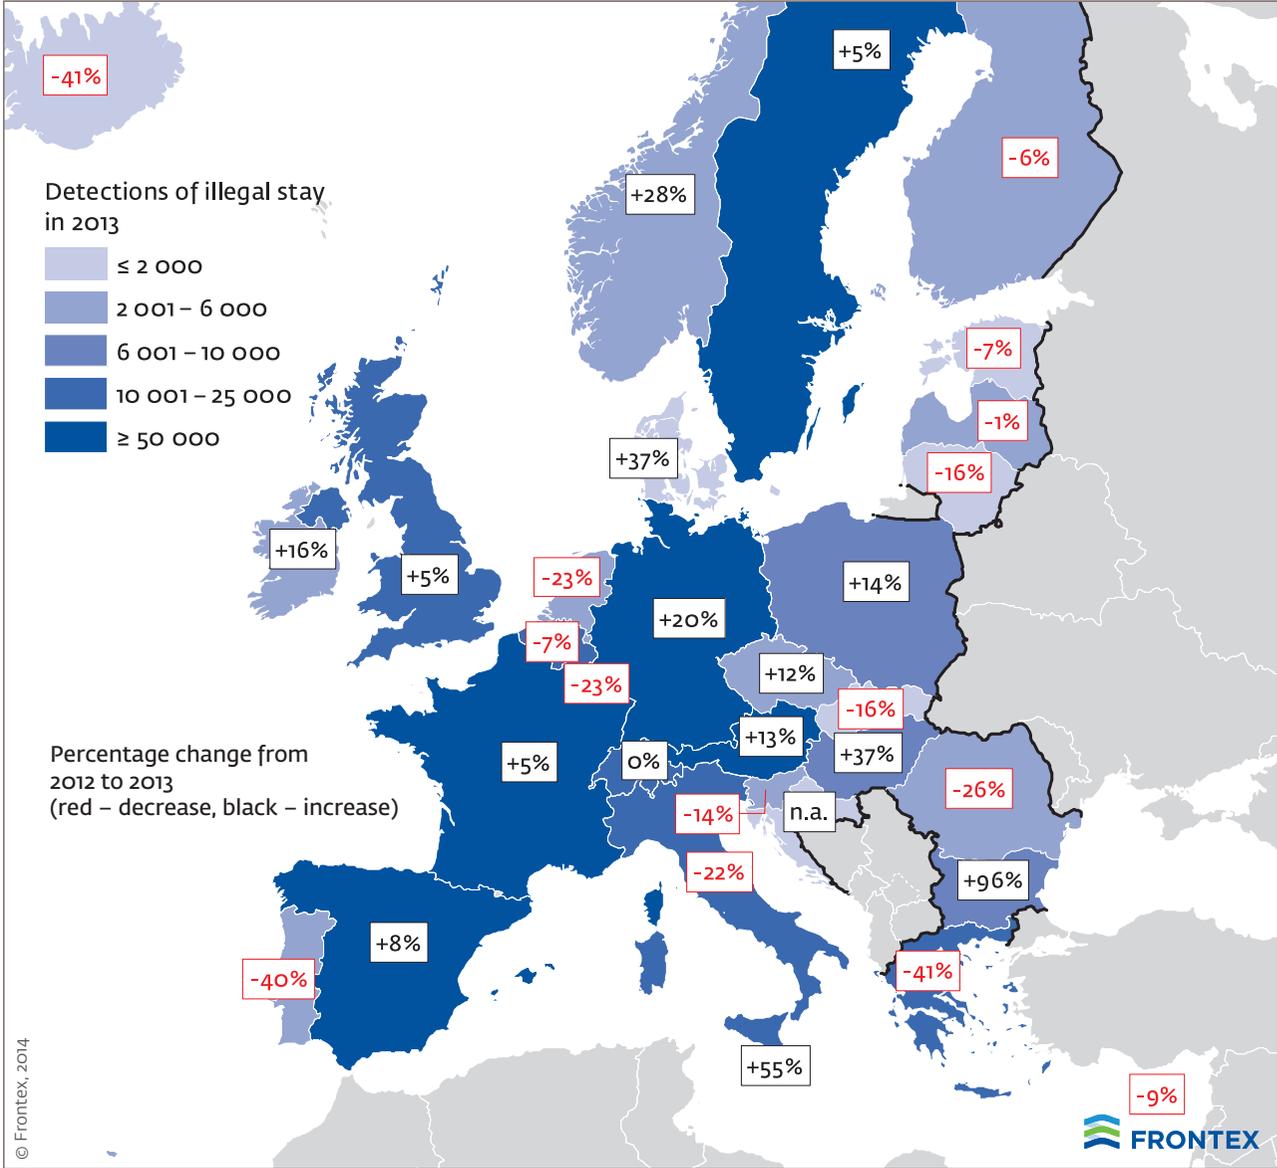

Internal Displacement Monitoring Centre and Norwegian Refugee Council: Global Estimates 2012 - People Displaced by Disasters. Displays events that caused more than a million displacements.
